MIRROR / SATIN / POWDER COAT

**LOMOND PROFILE**  
*Stainless Steel Balustrade*

- 7 rows of 16mm round internal horizontal bars (max 125mm gap).
- 50mm stanchions with base plate and loose coverings.
- Top fixed handrail in stainless steel 50mm diameter.

**MORAINE PROFILE**  
*Stainless Steel Balustrade*

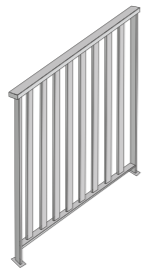

- 7 rows of 16mm round internal vertical bars (max 125mm gap).
- 50mm stanchions with base plate and loose coverings.
- Top fixed handrail in stainless steel 50mm diameter.

**ERIE PROFILE**  
Aluminium Balustrade

- 7 rows of 16mm square internal vertical bars (max 125mm gap) .
- 50mm stanchions with base plate and loose coverings.
- 50mm x 25mm handrail.
- Powder coated.

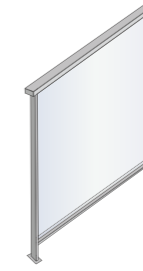

**HURON PROFILE**  
Aluminium Balustrade

- 8 rows of 65mm x 16mm internal vertical bars (max 125mm gap).
- 50mm stanchions with base plate and loose coverings.
- 50mm x 25mm handrail.
- Powder coated.

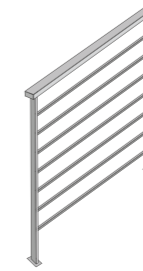

**MICHIGAN PROFILE**  
Aluminium Balustrade

- 7 rows of 19mm square internal vertical bars (max 125mm gap) .
- 50mm stanchions with base plate and loose coverings.
- 30mm top and bottom rails.
- 50mm x 25mm handrail.
- Powder coated.

**PICHOLA PROFILE**  
Aluminium Balustrade

- 6mm clear toughened glass.
- 50mm stanchions with base plate and loose coverings.
- 50mm x 25mm handrail.
- Powder coated.

**LUGANO PROFILE**  
Aluminium Balustrade

- 7 rows of 16mm square internal horizontal bars (max 125mm gap).
- 50mm stanchions with base plate and loose coverings.
- 50mm x 25mm handrail.
- Powder coated.

**POOL FENCING**

- Frameless glass pool fence - 12mm clear toughened glass.
- Polished edges.
- Grouted in (100mm x 50mm) or side fixed on stainless steel standoffs or top fixed on stainless steel spigots.
